LOW-IMPACT  
TREADMILL

COMMERCIAL/

## 1/ IFT-drive controller™

The IFT-drive controller works with the 4.0 horsepower AC motor to provide proprietary Integrated Footplant Technology—controlling belt speed to be responsive to every step for a smooth, natural feel while running or walking.

## 2/ Ground Effects® impact control system

Easing wear on the knees, legs, and back, the unique suspension system cushions impact and controls lateral motion, while remaining responsive.

## 3/ Fully integrated entertainment options

Fully integrated Cardio Theater® design, with personal viewing screens or ambient viewing, enhances the member experience by offering a more seamless, premium look to your cardio area.

## 4/ Direct access to 30 programs

Six buttons are the gateway to 30 preset programs, including six fitness tests.\* Users can select or change to a new program at any time during their workout.

## 5/ Tap Control™

Large buttons provide satisfying tactile response and audible click. Beginners and experts alike easily get on and go with this intuitive control. Users know the machine has received input, even when using headphones for entertainment.
