

PRECOR®

MOVE WELL.
LIVE WELL.

Our fitness equipment is designed to reflect human movement—fluid, natural and familiar. With an intuitive feel and a warm, attractive color palette, Precor fitness machines move with you for workouts as invigorating as they are exhilarating, making your fitness regimen the springboard for a world of possibilities. Whether you're striving to lose a few pounds, exploring new levels of strength and endurance, or taking your dog for his morning run, Precor inspires a life in motion.

EFX[®] 5.25
CROSSTRAINER[™]
HOME/

EFX® 5.25

CROSSTRAINER™

PRECOR®

1/ Ergonomic design ensures a total body workout.

Ergonomic moving handlebars let you tone and condition your entire body while maintaining comfortable posture and proper technique.

2/ Adjustable CrossRamp®.

The patented CrossRamp® angle adjusts from 15 to 25 degrees, altering the height of the elliptical path. Called Variable Stride Geometry, this allows you to focus on a specific muscle group, or all major muscle groups.

3/ Designed with your home in mind.

With its smooth lines and subtle color palette, the EFX complements your home décor and suits your lifestyle.

4/ Track your target heart rate.

SmartRate® offers instant display of your heart rate to help you stay in your target zone for a more efficient cardio and weight-loss workout.

5/ Intuitive console is easy to read and adjust.

Access Quickstart™ and programs at the touch of a button. The backlit LCD display shows your heart rate, calories burned and time/duration of exercise – to help you get the most from your workout.
